**Item Summary:**

In 2014, the City received a SANDAG Smart Growth Incentive Program (SGIP) grant to fund the design and related studies for the Main Street Promenade Extension Planning Project (now named "Connect Main Street"). The project is an approximate two-mile-long corridor west of the Orange Line of the MTS trolley system that runs from Broadway to the south end of the City and includes walking and biking paths and park related activity areas. On August 4, 2015, the City Council accepted the proposed project concept; however, City Council members noted that the street closure on Main Street from Broadway to Central Ave. should not be considered as a part of a short or mid-term concepts. KTU+A (designer and project manager under contract) has developed an alternative short-term design for City Council consideration. As a part of a Housing-Related Parks Program (HRPP) grant, staff recommends that the revised short-term plan be fully designed and improved and that Michael Baker International prepare (prepared 30% construction drawings) the full construction drawings should the City Council accept the revised short-term design.

## LEMON GROVE CITY COUNCIL STAFF REPORT

Item No. 2

Mtg. Date September 20, 2016

Item Title: **Short Term Concept for Connect Main Street Project from Broadway to Central Avenue and Professional Services Agreement with Michael Baker International for Construction Drawings of Short Term Concept**

Staff Contact: David De Vries, Development Services Director  
Tim Gabrielson, City Engineer

### Background:

On January 10, 2014, the City received a Notice to Proceed for a SANDAG Smart Growth Incentive Program (SGIP) grant for \$400,000. The grant funds a 30% design and related technical studies for the Main Street Promenade Extension Planning Project (now named "Connect Main Street"). The project area is an approximate two-mile-long corridor within the Main Street right-of-way and easement areas west of, and adjacent to, the Orange Line of the MTS San Diego Trolley system from Broadway to the south end of the City ending towards the end of San Altos Place. The project includes walking and biking paths and park related activity areas.

On January 21, 2014, the City Council selected citizen volunteers to participate as members of a working group. The Working Group originally consisted of five members and met for a year and a half.

On February 18, 2014, the City of Lemon Grove selected KTU+A (subcontractor is Michael Baker International) to design the project and provide associated deliverables.

After the March 2014 kick-off meeting, the consultant, working group and staff (team) coordinated numerous tasks including:

1. Conducting surveys, public workshops and an open house.
2. Generating videos and creating a website presence.
3. Preparing Technical Studies including:
  - Base map
  - Utility mapping
  - Real estate data and easements
  - Hazardous materials
  - Biological mapping
  - Cultural relevance
  - Drainage and flooding
  - Traffic counts
4. Analyzing data and interviewing stakeholders to understand opportunities and constraints for development of the linear park.
5. Preparing project alternatives and selecting a concept.

# Attachment A

On September 16, 2014, City Council accepted the vision and goals for the project that are consistent with the SANDAG grant and are stated below:

## *Vision*

The vision is to create a community corridor that supports active lifestyles and transportation choices by providing a safe, beautiful and sustainable linear parkway that connects people, places and activities for generations to come.

## *Goals*

1. Provide mobility options that support active healthy lifestyles;
2. Create a sense of place;
3. Enhance the natural environment;
4. Improve safety and access for all ages;
5. Improve connections between neighborhoods and business; and
6. Respect property and improve property values.

On June 26, 2015, the City was awarded \$364,500 in Housing-Related Parks Program (HRPP) grant funds. Of which, \$279,500 has been earmarked for construction drawings and improvements within the Connect Main Street corridor.

On August 4, 2015, the City Council accepted the proposed project concept and directed staff to prepare a General Plan Amendment to incorporate the concept into the General Plan. The selected concept was generated from a series of alternatives and public outreach and measured against the adopted vision and goals. The concept plans include cross sections for each segment, thematic design districts, and themed amenities. Significant changes to the project site included themes throughout the corridor amongst six segments, street closures and one-way streets, trail and multi-use path concepts (design and location), amenities (picnic tables, shade structures, seating, trash receptacles, lighting, etc.), landscape improvements, creek restoration, park related activity areas (skate park, pump track, bouldering area, community gardens, dog parks, tot lot, exercise facilities, etc.), and park improvements at Civic Center Park. Public art is included throughout segments and in the form of gateway signs or monoliths, fence and wall art, and historic and natural art pieces and furnishings. Educational panels, similar to those in the existing Promenade, are also included and focus on mile- and date-markers, interpretive panels and kiosks. Staff requested that the City Council deliberate on lighting concepts (both street standards and pedestrian level) for the entire length of the park and provide direction to the consultant and staff. This can be accomplished as a part of the final design of each segment.

On July 19, 2016, the City Council accepted a concept alternative for the segment between San Pasqual Street and Massachusetts Avenue to eliminate conflicts with SDG&E facilities and Union Pacific property. The City Council also directed staff to prepare a General Plan Amendment creating a new Special Treatment Area for the Connect Main Street project. The General Plan Amendment will be reviewed for consideration at an upcoming City Council meeting.

## **Discussion:**

### *Conceptual Design Short-Term – Broadway to Central Avenue*

On August 4, 2015, the City Council accepted the proposed project concept for the Connect Main Street project. During the public hearing, City Council members expressed concerns about closing Main Street at Broadway while the existing businesses on the southwest corner of Broadway and Main Street remained. The accepted short-term concept (**Attachment C**) prohibits vehicular traffic northbound on Main Street to Broadway (buses only) and allows for no pedestrian

## Attachment A

movements across Main Street on the south side of Broadway. The accepted mid-term concept (**Attachment C**) prohibits all vehicular traffic north- and southbound on Main Street to Broadway (bus stop is relocated) and allows for shopping center vehicular traffic southbound on Main Street. Since the short- and mid-term concepts restrict vehicular access on Broadway, staff coordinated with KTU+A to revise the short-term plan allowing for vehicular traffic patterns to remain as-is and enhancing crosswalks and sidewalks within the corridor. The revised short term-plan creates a pedestrian bulb-out at the southwest corner Broadway and Main Street and new accessible curb ramps and crosswalks and expanded sidewalks within the corridor. The sidewalks are proposed to be colored an earthen tone to reflect the early pioneer period. No significant changes are proposed to the long-term concept.

Staff is supportive of the revised concept provided appropriate costs for maintenance are accounted for as a part of the final design and implementation.

### *Professional Services Agreement with Michael Baker for Construction Drawings*

If the City Council accepts the revised short-term concept, then staff recommends that the \$279,500 of awarded HRPP grant funds be used for full construction drawings and improvements of the revised short-term Connect Main Street project plan from Broadway to Central Avenue. Since Michael Baker International completed the 30% construction drawings for the Connect Main Street project, staff recommends that they prepare the full construction drawings for this segment. A request for proposal is not required since they prepared the 30% drawings and are exceedingly familiar with the project. The Municipal Code allows the City Manager to waive the requirements for solicitation of multiple proposals if only one individual or firm can provide the professional services. As such, the total contract proposal amount is \$50,465. This includes design survey, final construction drawings, detailed construction scope and cost estimates for bidding, and detailed landscape, irrigation, lighting, and street amenity plans for the revised short-term concept. This is consistent with the City Council's direction to focus construction efforts within the Connect Main Street project area on basic pedestrian improvements first. Exhibit 1 of the Resolution approving the professional services contract (**Attachment B – Exhibit 1**) includes the full contract, budget and scope of work for completion by Michael Baker International with KTU+A as a subcontractor.

### **Conclusion:**

Staff recommends that the City Council accept the replacement of the short- and mid-term concepts with the revised short-term concept (Broadway to Central Avenue); and adopt a resolution (**Attachment B**) approving an agreement for professional services with Michael Baker International for full construction drawings of the short-term concept .

CONTRACTOR's duty to indemnify under this section shall not include liability for damages for death or bodily injury to persons, injury to property, or other loss, damage or expense arising from the sole negligence or willful misconduct by the CITY or its elected officials, officers, agents, and employees. CONTRACTOR's indemnification obligations shall not be limited by the insurance provisions of this Agreement. The CITY AND CONTRACTOR expressly agree that any payment, attorney's fees, costs or expense CITY incurs or makes to or on behalf of an injured employee under the CITY's self-administered workers' compensation is included as a loss, expense, or cost for the purposes of this section, and that this section will survive the expiration or early termination of this Agreement.

15. **INSURANCE.** The CONTRACTOR, at its sole cost and expense, shall purchase and maintain, and shall require its subcontractors, when applicable, to purchase and maintain throughout the term of this agreement, the following insurance policies:

The CONTRACTOR shall comply with all of the provisions of the Worker's Compensation Insurance and Safety Acts of the State of California, the applicable provisions of Division 4 and 5 of the California Government Code and all amendments thereto; and all similar state or Federal acts or laws applicable; and shall indemnify, and hold harmless the CITY and its officers, and employees from and against all claims, demands, payments, suits, actions, proceedings and judgments of every nature and description, including reasonable attorney's fees and defense costs presented, brought or recovered against the CITY or its officers, employees, or volunteers, for or on account of any liability under any of said acts which may be incurred by reason of any work to be performed by the CONTRACTOR under this Agreement. That policy shall provide a minimum of \$1,000,000 of employer's liability coverage, and the CONTRACTOR shall provide an endorsement that the insurer waives the right of subrogation against the City and its respective elected officials, officers, employees, agents and representatives.

E. The aforesaid policies shall constitute primary insurance as to the CITY, its officers, employees, and volunteers, so that any other policies held by the CITY shall not contribute to any loss under said insurance. Said policies shall provide for thirty (30) days prior written notice to the CITY of cancellation or material change.

F. If any required insurance coverage is provided on a "claims made" rather than "occurrence" form, the CONTRACTOR shall maintain such insurance coverage for three years after expiration of the term (and any extensions) of this Agreement.

H. Insurance shall be written with only California admitted companies which hold a current policy holder's alphabetic and financial size category rating of not less than A VIII

I. Deductibles. All deductibles on any policy shall be the responsibility of the CONTRACTOR.

J. **Specific Provisions Required.** Each policy required under this section shall expressly provide, and an endorsement shall be submitted to the City, that:

1. Said policies, except for the professional liability and worker's compensation policies, shall name the CITY and its officers, agents and employees as additional insureds. The CITY's Additional Insured status must be reflected on additional insured endorsement form CG 2012, or equivalent, which shall be submitted to the CITY.

2. The Policies cannot be canceled, non-renewed or materially changed except after thirty (30) calendar days prior written notice by the CONTRACTOR to the CITY by certified mail, as reflected in an endorsement which shall be submitted to the CITY except for non-payment of premium, in which case ten (10) days' notice will be provided.

3. This Agreement shall not take effect until certificate(s) or other sufficient proof that these insurance provisions have been complied with, are filed with and approved by the CITY. If the CONTRACTOR does not keep all of such insurance policies in full force and effect at all times during the terms of this Agreement, the CITY may elect to treat the failure to maintain the requisite insurance as a breach of this Agreement and terminate the Agreement as provided herein.

4. The CONTRACTOR may obtain additional insurance not required by this Agreement.

16. **LEGAL FEES.** If any party brings a suit or action against the other party arising from any breach of any of the covenants or agreements or any inaccuracies in any of the representations and warranties on the part of the other party arising out of this Agreement, then in that event, the prevailing party in such action or dispute, whether by final judgment or out-of-court settlement, shall be entitled to have and recover of and from the other party all reasonable costs and expenses of suit, including reasonable attorneys' fees.

17. **MEDIATION/ARBITRATION.** If a dispute arises out of or relates to this Agreement, or the breach thereof, the parties agree first to try, in good faith, to settle the dispute by mutual negotiation between the principles, and failing that through nonbinding mediation in San Diego, California, in accordance with the Commercial Mediation Rules of the American Arbitration Association (the "AAA"). The costs of mediation shall be borne equally by the parties.

If a third part dispute or litigation, or both, arises out of, or relates in any way to the services provided under this Agreement, upon the City's request, the CONTRACTOR, its agents, officers, and employees agree to assist in resolving the dispute or litigation. The CONTRACTORs assistance includes, but is not limited to, providing professional consultations, attending mediations, arbitrations, depositions, trials or any event related to the dispute resolution and/or litigation.
